Review Dementia State Plan Draft Goal 3

Mr. Worthington walked through the Draft of the Dementia State Plan including the Lifecourse Model of Dementia Awareness, Supports and Services. With the Model, Mr. Worthington noted that there are training opportunities at every stage of the model. He then provided an overview of the draft goal and objectives, and reviewed several of the proposed strategies. The Dementia State Plan will be reviewed by the Commission on December 12. Mr. Worthington also reviewed the new list of dementia capable training topics that will be included in the Plan as a guide to

George Worthington

developing and selecting various training programs depending on the audience. There was discussion around several of the training topics, but it was felt that the list was comprehensive and appropriate. There was some discussion about how the BOLD grant activities would intersect with the workgroup's activities.

Discussion: Workgroup Activity 2024

Kim Kutner

Mr. Worthington discussed the need for the workgroups to prioritize the strategies under Goal 3 in a short-term, medium-term and long-term framework in order to feed into the implementation and evaluation plan for the Dementia State Plan that is a deliverable under the BOLD grant.

Ms. Butler mentioned Kimberly Davis' work with training for EMTs and that they had worked with her. Ms. Davis will be presenting to the Commission on Dec 12. It does seem like this work will meet some of the strategies of the Plan.

Mr. Worthington will invite Ms. Davis to join the workgroup. Members reviewed the strategies under objectives 3.1, 3.2 and 3.4.

Meeting Adjournment

Kim Kutner

Ms. Kutner adjourned the meeting at 11:00am.
