**United States 118<sup>th</sup> Congress** (S=Senate, HR=House of Representatives) For reference

- [S.626/H.R. 1637: Comprehensive Care for Alzheimer's Act](#). Recommend that the Center for Medicare and Medicaid Innovation test the effect of a dementia care management model. Under the model, participating health care providers receive payment under Medicare for comprehensive care management services that are provided to individuals with diagnosed dementia, excluding Medicare Advantage enrollees, hospice care recipients, and nursing home residents. Required services include medication management, care coordination, and health, financial, and environmental monitoring, as well as trainings and other support services for unpaid caregivers. Providers must furnish services through interdisciplinary teams and must ensure access to a team member or primary care provider 24-7. The CMMI must set payments and determine quality measures for the model in accordance with specified requirements. The bill also allows the CMMI to design a similar model under Medicaid. S: Read twice and referred to Committee on Finance (3/2/23) HR: Referred to Subcommittee on Health (3/24/23)
- [S.134/H.R. 620: Alzheimer's Accountability and Investment Act](#). This bill requires the National Institutes of Health to annually submit, beginning in FY2024, an estimate of its budget and personnel needs for carrying out initiatives pursuant to the National Alzheimer's Project directly to the President for review and transmittal to Congress. The Department of Health and Human Services and the Advisory Council on Alzheimer's Research, Care, and Services may comment on the budget estimate but may not change it. S: Passed Senate unanimously (7/30/24). HR: Passed House (9/23/24). **10/01/24 Became law.**
- [S.133/H.R.619: NAPA Reauthorization Act](#). This bill extends through 2035 and makes other changes to the National Alzheimer's Project. This project supports coordination of federal planning, programs, and other efforts to address Alzheimer's disease and related dementias. In particular, the bill incorporates a focus on promoting healthy aging and reducing risk factors associated with cognitive decline. The bill also expands the Advisory Council on Alzheimer's Research, Care, and Services to include additional members, such as (1) a researcher with experience recruiting and retaining diverse clinical trial participants, (2) an individual diagnosed with Alzheimer's disease, and (3) representatives from additional federal agencies (e.g., the Department of Justice and the Office of Management and Budget). S: Passed Senate (7/30/24). HR: Passed House (9/23/24). **10/01/24 Became law.**
